Re: Phase 2 Provincial re-opening

Dear Residents and Families;

Today the province moves into Phase 2 of the re-opening plan.

The following changes will be effective today:

- All residents, regardless of vaccination status, may have community access to indoor and outdoor public places and family homes.
- Overnight visits will not be permitted in this phase.
- Residents may have up to three (3) visitors at a time if the Cove has adequate space to manage visits safely and comfortably. For example: if your loved one lives in a semi-private room and their roommate already has three (3) visitors then your visit will have to be booked for another time or the visit will need to occur in another area in the facility.
- Residents may have larger group sets for special occasions but they must be pre-booked with facility to ensure adequate space and planning.
- All existing proof of vaccination, screening, physical distancing and masking requirements for visitors and staff will remain in place.

I will update next week March 21, 2022 at the beginning of Phase 3.

Sincerely,

Cheryl Deveaux RN, BScN, MHS:L, MBA
CEO / Administrator
