**Re: Covid Update**

Dear Residents, Staff and Families;

I hope this letter finds you safe and well.

It has been over a week since Covid-19 omicron has found its way into the Cove. Both Residents and staff have been directly affected by the virus but appear to be recovering fairly well.

A great deal of gratitude goes out to our amazing staff who have managed through their excellent infection control practices to maintain and contain this virus to one (1) Resident unit.

However, we need to raise our level of precautions to ensure Covid does not spread to the remainder of the Cove.

Therefore, for the next week the following protocols will strictly continue:

- Only one (1) consistent DCG to visit. Exceptions will be made on compassionate grounds.
- If you are unwell even slightly, do NOT visit.
- You will continue to be screened at the front entrance.
- You will be asked to change your mask and also be provided a full face visor, DO NOT remove your mask or visor during your visit.
- You must sanitize your hands upon entering and leaving the Cove.

To say we are tired of restrictions is a gross understatement. However, we need to stay strong and do what we can to prevent further spread to our Residents and staff.

Once again thank you for your understanding and support.

Best always,

Cheryl Deveaux RN, BScN, MHS:L, MBA  
CEO / Administrator
