Re: Outbreak Status

Dear Residents, Staff and Families;

Our situation has changed over the past few days since I posted my last letter.

The Cove now has positive Covid cases in both our Resident & Staff populations.

Currently the case numbers are low but that may also change quickly. Covid positive Residents are isolating in their rooms and staff are recovering at home, please keep Residents & Staff in your thoughts and prayers.

Our surveillance is now at the critical level for monitoring DCG's and staff. Beginning Friday, January 7, 2022 at 11:00am the Cove will change DGC status to one (1) consistent DCG, it must be the same individual. This action will allow us to tighten the ability to do contact tracing as well as reducing the amount of people coming through the front door.

We greatly appreciate our DCG's and recognize being away from your loved one is difficult for both.

I suspect the next few weeks may be a challenge for all of us; therefore it's so important we continue to support each other.

Best always,
