Re: Covid-19 Update

Dear Residents, Staff and Families;

First I would like to wish you a Happy New Year, albeit a rocky start with high cases of Covid-19; in particular the omicron variant.

We continue to strictly enforce all Public Health protocols, in some cases exceeding them.

Our staff is screened before beginning their shift and all designated caregivers are actively screened at the facility entrance before allowing their visit, this includes rapid testing.

The omicron variant is highly contagious and transmissible; we must stay vigilant to follow all Public Health directives;

- Stay home if you are sick;
- Keep your social circle small;
- Wear a mask properly over nose & mouth;
- Wash your hands often;
- Keep your distance from others.

Currently, all Residents are well, no positive Covid-19. However, several of our staff have tested positive for Covid-19; they are off work and we are working closely with Public Health on monitoring the situation.

We continue to express sincere thanks for your support and understanding as we move through the 4th, and the most challenging wave of this pandemic.

Also; a huge thanks to our outstanding staff, many of whom did not spend the holidays at home with their own families, for their excellent care and comfort provided to each Resident.

Let's continue to work together in hopes of reducing the spread of Covid-19.

Best always,

Cheryl Deveaux RN, BScN, MHS:L, MBA
CEO / Administrator
